## *A Special Note to the Parents of the Bride & Groom*

**W**e know that parents of the bride and groom would treasure a memento of their children's wedding day, and we're pleased to offer parent's albums (they work for Grandparents, too!) that offer a selection of the same beautiful photographic images featured in the Bride & Groom's Album.

The **Companion Album** we feature is identical to the Bride & Groom's Album but in a smaller 7x7 size. It's the same fine quality, with the same padded covers, page mats, print mounts and hinge style as the Bride & Groom's Album. The covers are available in white or black, imprinted "Our Children's Wedding" or unimprinted, and with matching white or black gold-trimmed page mats and print mounts. We offer the Companion Album with up to 20 5x7 images for \$500. Additional images are \$25 each including the leaves, mounts and mats. Additional images must be ordered in multiples of 2. Just like our Bride & Groom's Album, there is no limit to the number of pages we can assemble in this album.

We also offer a less expensive **Parent's Album** featuring multiple snapping binding, in white or black, with deluxe gold foil stamped reversible acetate pages. It is available in a 7x7 size and is priced at \$400 for up to 20 5x7 images. Additional images (up to a maximum of 36) are priced at \$25 each. Cover imprinting is available for an additional \$15.
